Since 1975...

Silver Creek has provided a therapeutic and educational pre-school program for children with various abilities.

In partnership with families, Silver Creek creates a welcoming and comfortable place to play and learn. Therapy and learning take place within a play-based curriculum designed to meet the needs of each individual child.

13th Annual Walkathon – 5 km
This year we are raising funds for
our SNOEZELLEN ROOM!

WHAT'S THAT??

A Snoezelen Room is a multi-sensory environment of sights, sounds and textures. Lights, bubbles, colours, vibrations and music provide a safe and comfortable place to explore and relax.

The endless benefits of the Snoezelen Room support the use of vision, communication, self-regulation, mobility and self-confidence.

Silver Creek children have had the benefit of a Snoezelen Room for 15 years, but things are wearing out and the electronics are no longer retro-fitted for repair.

If you have an interest in learning more about a Snoezelen please visit: <https://www.snoezelen.info/> or pop in during the Walkathon to look!
